FAQS

How do you protect my students' privacy?

We take student privacy very seriously and are COPPA certified. We do not collect student email addresses or sell any student information to third parties. Read more about our privacy policy here: <https://www.stash.com/stash101/privacy-policy>

How do I use this simulator in groups?

If you would rather your students work in pairs, have them create a team username and password rather than individual accounts.

Who do I contact if I have questions?

Reach out to us at stash101support@stash.com with any questions.

How long should I run the simulation?

You get to choose how long you want to run the simulation. You can do a quick experience for a week or two, or incorporate it throughout your semester long course to teach long term investing and create those positive money habits.
